

FUSE
AIR

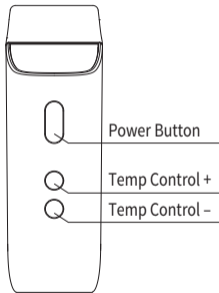

Instruction Guide

Congratulations on purchasing the FUSE AIR, the most advanced portable convection vaporizer in the world.

Greenhouse aims to deliver the best product experience possible. We strive to create superior, beautiful and technologically advanced products that push the boundaries of vaporization and evolve the world of smoking. We build products that are not only more effective but also those that consumers can relate to: simple, pleasurable experiences. Greenhouse is proud to offer stylish, next-generation products that will deliver an unparalleled experience wherever life takes you.

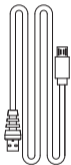

FUSE AIR Overview

Includes

Mouthpiece
Screens

USB Cable

Packing Tool

Cleaning Brush

Tweezers

Quartz Cup

Friendly User Tips

1. For best results, fill chamber halfway or more, but do not pack tightly. This allows for even heat distribution and room to stir your herbal blends if necessary throughout usage.
2. To maximize efficiency, allow unit to cool whenever possible after using, and then stir content before the next cycle.
3. Be sure to turn off the unit when you are done by pressing the on/off button 5 times within 2 seconds.

3. Adjust to desired temperature manually using "+" or "-" buttons.
4. Your vaporizer is equipped with a 4-minute auto shutoff time to prevent waste and overheating.

WARNING:

This product is intended for use by persons of legal age or older. Not intended for children, women who are pregnant or breast feeding, or persons at risk of heart disease, high blood pressure, diabetes, or taking medicine for depression or asthma. This product is not a smoking cessation product and has not been tested as such. Nicotine is addictive and habit forming, and it is very toxic by inhalation, in contact with the skin, or if swallowed. Nicotine can increase your heart rate and blood pressure and cause dizziness, nausea, and stomach pain. Inhalation of this product may aggravate existing respiratory conditions. Ingestion of the non-vaporized concentrated ingredients in the chamber can be poisonous.

WARNING:

This product contains a chemical known to the State of California to cause birth defects or other reproductive harm. The U.S. Food and Drug Administration has not determined that any tobacco product presents less risk compared to any other tobacco product. For tobacco product consumers concerned about the health effects from tobacco product use, the best thing to do is quit.
